Crop Marks

Document Size

Bleed area  
3mm area outside of the document size. Artwork expands over the document area to allow for a clean trimmed edge.

Margin  
Boundary for text within the document in order to avoid any text being lost when trimming. (normally atleast 5mm)

Crop Marks

Does your print supplier take a week?  
Maybe its time to look elsewhere?

### High quality digital printing

With 20 years experience in the printing industry and 8 years experience with the latest digital printing equipment, we are able to provide a very high quality print service at affordable prices and to tight deadlines.

Digital printing does not suffer from the same setup cost as traditional litho printing and is therefore much more affordable for small to medium runs.
